

Working to build healthy communities by bringing the right resources right into the neighborhood

Educational programming
presented by Humana

Humana has developed many resources to help people find their path to good health and well-being, to help them take care of themselves and those who matter most to them.

Humana is committed to figuring out new ways to help people find their path to good health and well-being. Programs-in-a-box is an initiative to provide educational health and wellness content to the communities we serve. Our comprehensive library features 50 classes on a variety of topics, each 30–60 minutes long, and designed to present easy-to-follow health and wellness presentations in a comfortable environment.

Providing more ways for communities to stay engaged with their health. We call that human care.
